Vineyard

We lucked out with the Pinot Noir, Riesling and Cabernet. We had enough breaks between the rains to let the grapes get the sugar back up and be harvested at the right moment in time.

Sand Castle Building

The door is coming! The door is coming! After long delay (being lost in the mail, returned to the manufacturer) we will finally have the front door installed and stucco could be finished shortly after. The last part of the old Tasting Room will be taken out this month and the new bathroom will be installed. .

Harvest Festival

October 14th & 15th will celebrate the last of the harvest. Final clusters of Cabernet Sauvignon will be transferred to the 2006 vintage. Cabot Cheese Company will demonstrate their cheese selection pairing with the Sand Castle wines. Please join us for this celebration

Comments from Stephanie

October is a month of historical events! Pennsylvania's founder William Penn was born in 1644, the Statue of Liberty was dedicated in 1886, and in 1908 the first "Model T" was put on the market! Soon we will be able to add to the litany of historical moments in October as we prepare to do final touches on the Castle exterior and possibly even obtain a partial occupancy. Come and check out our progress, taste our fresh Cabernet Sauvignon, and experience our tours to find out what makes Sand Castle so special. You will also soon be

able to experience Sand Castle Winery at new retail locations.. Stay tuned for details.

Good News

Back Porch behind the winery is open now with picnic tables. A perfect place to feast your eyes on the colors of the Delaware Valley.
