Vineyard

Buds opened and the young shoots are showing future clusters. This is my favorite time in the vineyard. Baby green shoots, no weeds and reddish soil creates a feast for the eyes. We are uncovering the graft unions and cleaning the unwanted shoots. The new farm is about 2 weeks behind the main winery. It is amazing considering it is only 1/3 mile further from the river.

Sand Castle Building

The week of the 14th we will have the inspection and the Anniversary Weekend May 19th & 20th will be celebrated in the Castle. (see Festivals)

River Road

River road is open from south both ways and from the north one way to Sand Castle. Come and enjoy the ride to see Azaleas and Rhododendrons in bloom together with Dogwood and other flowering trees along the whole length. This is just one proof that it deserves the title top ten most scenic rides in the country.
