The Vineyards

Thanks to the hardworking staff, the vineyards look great! Pruning, tying, and first green work is done. To follow, will be tucking, hedging and weed whacking until the middle of September. Bloom and cluster growth is still about 2 weeks ahead of our normal schedule.

The vineyards, wines and views are bringing many travel writers from the U.S. and abroad. All of them marvel over the beauty of this area so close to New York and Philadelphia. Some express their envy to those of us who live and work in this part of Bucks County and travel River Road daily.

The Winery

New releases include our Dry Rose', heavier than last bottling, closer to the reds. 2007 Pinot Noir, the foggy mornings and dry sunny days of September 2007 helped create this great vintage. 2007 Cabernet Sauvignon which benefited from the October frost. The flavors of red and black currant with overtones of chocolate will melt in your mouth.

*1999 Dry Reisling Private Reserve is on the brink of extinction, only 15 cases left for you to enjoy!

Sand Castle Winery's Gourmet Experience!
