Happy Mothers Day!

The winery is open during regular hours every day, and on Mother's Day, Sunday, May 8th, from 11-6.

Treat Mom like a Queen!

Visit Sand Castle Winery on Sunday, May 8th, 2010 and we will give Mom a complimentary glass of wine of her choice.

The Winery

The winery is bracing itself for yearly and bi-yearly wine movement. We will be cleaning the vats from tartaric crystals and sediment for wines to be ready for another two years of storage or bottling. Harvest will start in four months and the new vintage will be born again.

See The Future - Go Back In Time

Sunday, May 22

1 PM

We will have Cabernet Sauvignon vertical tastings with 2007 and then go back to 2001 - 1999 - 1993 and maybe even 1989 or 1988 (if we can dig them up!). Cross section of the two decades will give the participants insight to bottle aging and increased mineral complexity due to the age of the grape vines. This tasting also includes presentation of all our regular wines.

Tickets are **\$20**, with limited seating

Reservations are required

Groupon vouchers will be accepted

The Vineyards

The summer temperatures are finally here and with them is a responsibility to take care of the vineyards. This week we will finish the replants of Pinot Noir and Cabernet. Next week, we will start the battle of the weeds. This year we are starting on time so we hope to end victorious! This is the time of the year to start praying to St. Urban, the Patron of the Vineyards, because the possibility of frost is here until the 4th week of May. Spring frost would destroy the fruit set and only a fraction of the original harvest would survive.
